

ISC RUWAIS PREFECTS HELP SET UP FOR THE NEW ACADEMIC YEAR

Like in previous years, students from ISC-Ruwais volunteered to beautify their school during the summer. The regular indoor beautification was done efficiently and in record time. This included fixing boards, putting up posters, and decorating the SLO Room and corridors.

This year students from ISC-Ruwais took the next big step in beautifying their school.

Without any help from adults, they painted all the football goal posts on the field. After all, students are the ones who will use them and enjoy a cleaner environment.

The students were provided with T-shirts, caps, gloves, goggles and masks for safety. Regular breaks with healthy snacks were the key to surviving the unbearable heat of the day. This project gave them more experience and a different outlet for their creativity.
